

## **Consultation drop in sessions for Ceredigion businesses on the development of the new Ceredigion Economic Strategy (2020-2035).**

A consultation process is underway to consult on the development of a new Economic Strategy for the next 15 years. We want the views of as many people as possible to help guide future opportunities to make Ceredigion a great place to live and work. This strategy provides us with an exciting opportunity to be ambitious in developing a vision for growing the local economy.

A series of drop in sessions are being held aimed at existing businesses or those thinking of starting a business in Ceredigion to seek views on how you could be best supported through this strategy. We want to better understand the challenges you face in Ceredigion and gather your thoughts on how we can foster an environment where the private sector can thrive and grow.
